to copy of Government Proceedings
No. 13625 / L.F. 70. 75 of the 23rd April 1898
requiring explanation for the proposed
employment of an additional ferry-
man and for the increase to the pay
of the existing ferryman has the
honour to state that the necessity
for submitting the proposal in question
arose on the following grounds, Viz

1

(A) As it is not always possible for a single ferryman to manage safely the ferryboat playing on the river near the Jog Falls where the currents are strong, the employment of an additional ferryman was considered necessary in order to ensure better safety than at present to travellers resorting to the Mysore Traveller's Bungalow at the Falls. Further the entertainment of an additional hand was found necessary to avoid any disappointment to travellers visiting the Falls in consequence of the absence of the only ferryman, at times, owing to his sickness or other cause.

(B.) An increase to the pay of

ferryman

ferryman was solicited in order to secure the services of a trained hand

2 The ferry in question being solely established for the convenience of visitors to the Falls and resorting to the Mysore Bungalow situated on the otherside of the river Shara-vathi, no fees are levied from the travellers and therefore its income is nil.
